refined design, high power

CAR Fittings presents the new HAWK!

With this glass shelf-support, furniture glass can be mounted, with no-tools, stably and securely: the two non-slip rubber pads anchor the glass both at the bottom and top. In this way, furniture with glass shelves already installed can be transported safely.

With its clean lines and colours in line with the latest market trends, HAWK is the ideal solution to meet all design requirements, both technical and aesthetic.

CAR Fittings presenta il nuovo HAWK!

Con questo reggicristallo no-tools è possibile montare i cristalli del mobile in modo stabile e sicuro: i due gommini antiscivolo ancorano il vetro sia nella parte inferiore che superiore, permettendo così di trasportare in totale sicurezza anche i mobili con i ripiani in cristallo già installati.

Grazie alle sue linee essenziali e alle finiture in linea con le ultime tendenze di mercato, HAWK è la soluzione ideale per soddisfare ogni esigenza progettuale e di design.

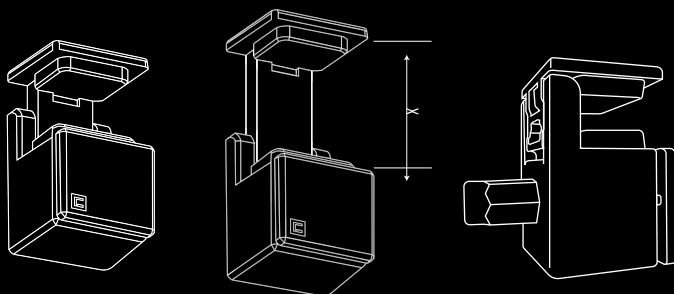

MORE THAN JUST COMPONENTS
