tyson

The high-performance connector

Tyson is designed to provide secure and reliable fastening, even under heavy loads. Its structure ensures stability and prevents the deformation of the furniture, preserving its integrity over time. Thanks to its adjustable feature, it is ideal for applications requiring precision, helping to keep the furniture in perfect condition even after prolonged use.

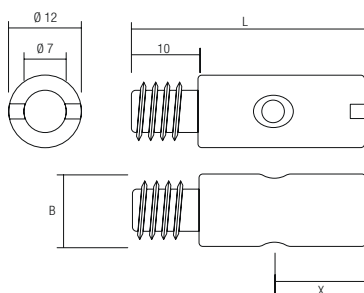

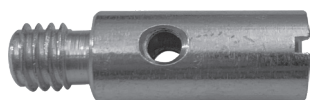

Tyson ha sido diseñado para ofrecer una fijación segura y fiable, incluso bajo cargas pesadas. Su estructura garantiza la estabilidad y evita la deformación de los muebles, preservando su integridad con el paso del tiempo. Gracias a su característica ajustable, es ideal para aplicaciones que requieren precisión, ayudando a mantener los muebles en perfecto estado incluso tras un uso prolongado.
