tyson

The high-performance connector

Tyson è progettato per offrire una tenuta sicura e affidabile, anche sotto carichi elevati. La sua struttura garantisce stabilità e previene la deformazione del mobile, assicurandone l'integrità nel tempo. Grazie alla sua capacità di regolazione, è ideale per applicazioni che richiedono precisione, contribuendo a mantenere il mobile in perfette condizioni anche dopo un utilizzo prolungato.

Tyson is designed to provide secure and reliable fastening, even under heavy loads. Its structure ensures stability and prevents the deformation of the furniture, preserving its integrity over time. Thanks to its adjustable feature, it is ideal for applications requiring precision, helping to keep the furniture in perfect condition even after prolonged use.
